## Airport to Hold 2d Aviation Day

The Airport Commission of Forsyth County is sponsoring its second annual Aviation Day from 1 to 5 p.m. May 19 at Smith Reynolds Airport.

Aerobatic demonstrations, formation flybys and displays of civilian, experimental military and antique aircraft will be featured at the show.

Triad Helicopters and Piedmont Aviation will be giving \$5 flights around the airport during the day.

Interim airport manager Roger Morgan said Aviation Day is held to call attention to Smith Reynolds Airport.

"We have a fine, modern airport right here in our city and our community tends to overlook what an important contribution it makes every day," he said.

Aviation Day is free and open to the public.
